

Dental Providers Accepting Medical Assistance

RIte Care and RIte Share members can receive dental services with their white Medical Assistance card. This list can be used to find a dental provider who accepts Medical Assistance.

Private Dentists / Dental Specialists

To find a private Dentist or Dental Specialist (Endodontist [root canals], Oral Surgeon [extractions/mouth surgery], Orthodontist [braces], Periodontist [gum disease], or Prosthodontist [dentures/replacement of missing teeth]) who accepts Medical Assistance:

1. Call the RIte Care Info Line at **(401) 462-5300**
or
2. Go to **www.dhs.ri.gov**
 - a. Click on "Provider Search" in the column on the left hand side, then
 - b. Select "Dentist" under the "Type of Service" category, and then
 - c. Click on "Find Provider" to get a listing of dentists.

NOTE: The list on the website includes dentists who have accepted Medical Assistance in the past. Dentists on this list may not be accepting Medical Assistance when you call. Dentists also may place limits on which patients they treat. For example, dentists may only be providing care to current patients, patients who live in the community in which the dental office is located, and/or patients of certain ages.

Community Health Centers with Dental Centers

The Community Health Centers listed below offer dental services. However, Community Health Centers may not be accepting new patients at the time that you call, may not provide all types of dental care, and/or may only provide dental care to their medical patients. Crossroads Rhode Island (formerly Travelers Aid) specializes in dental care for people who are homeless or at risk for homelessness.

Hospitals with Dental Centers

All of these hospital clinics serve children. Samuels Dental Center also serves adults who have special health care needs, such as mental retardation and developmental disabilities. These clinics may have a waiting list for the next available appointment, but if you have a dental emergency, they may be able to see you sooner.
